Solvent: Water Spec. Gravity: 1.02
Appearance: Clear-Green Liquid
pH 8-9

APPROXIMATE COVERAGES:

Coverage will yield 300-600 sqft per 1gallon, per application coat. Actual coverage will vary based on type of surface, surface porosity and texture, application temperature, humidity, and method of application

APPLICATION : READ ALL INSTRUCTIONS PRIOR TO USE

Preparation: Due to variations between surfaces, PROFLEX recommends doing sample applications prior to full installation. It is the responsibility of the user to determine the suitability of the product and intended use.

Application: **WEAR RUBBER GLOVES AND PROTECTIVE CLOTHING WHEN USING THIS PRODUCT. AVOID SKIN CONTACT WITH PRODUCT.** Product may be diluted with water for regular floor maintenance, light soil and dirt. For heavier cleaning requirements, increase the solution to water mixture to desired results, PROFLEX recommends starting at 2-4 oz. cleaner to one (1) gallon of water , and then increasing to desired strength. Areas of heavy soiling, and grease may require multiple applications. PROFLEX DOES NOT RECOMMEND APPLICATION OF PRODUCT AT FULL STRENGTH. Apply with a mop, or bristle scrub brush. Allow 3-5 minutes for product to work into stains. Use a clean mop, sponge, or towel to clean excess product. Thoroughly mop surface with clean water after use to remove any remaining product residue.

WARRANTY: Due to the nature of product use, PROFLEX will only warrant product to be free from manufacturing defects, to the purchase price of the product. No warranties or liability will be assumed for damages of any kind. The suitability of the product for an application is solely up to the user.

CAUTION: Ensure product containers are kept closed when not in use and store in a cool, dry, area. Use only in well ventilated areas and avoid inhalation of vapors. Keep out of reach of children and pets
